OUR FIRST 100 DAYS

In April 2025, Canada's new government was voted in with a mandate for change. Since you sent me to Ottawa, we have:

- Begun unifying Canada's internal economy by removing trade barriers
- Raised the pay for the Canadian Armed Forces, as part of a broader reinvestment plan in our military
- Cut taxes for the middle class
- Delivered the first-ever benefit for working-age persons with disabilities

I continue to work with my colleagues in Ottawa to bring South Surrey-White Rock's concerns to the national stage, and build the strongest economy in the G7.

We've also received over a hundred responses to our last mailer, with lots of feedback on local and federal issues that we will be responding to.
